### **ARTICLE I. FIDUCIARY RESPONSIBILITY**

The Supervisors have a fiduciary responsibility to the people of the State to operate the University with moral, ethical, and financial prudence. The Board shall act in concert on matters of the University, in speaking for the University and itself, and in fulfilling their fiduciary responsibilities to protect the University communities.

### **ARTICLE II. OFFICERS**

Communication. To promote the desire for unified action, the Chair, or their delegate, is the only one empowered to speak publicly about the sentiment of the Board when the Board is not acting on a matter.

### **ARTICLE III. DUTIES OF COMMITTEES AND MEMBERS**

#### **Section 1. Scholarship Review Committee**

The Academic Committee shall also serve as the Scholarship Review Committee. The committee will periodically review the policy and procedures of the Board Scholarship Program. The Scholarship Review Committee will also receive annually a report on the allocation of scholarships to students.

#### **Section 2. Health Care and Medical Education Committee Chair**

The chair of the Healthcare and Medical Education Committee shall also serve as the ex officio member of the board of directors of any hospital governance board of directors affiliated with an LSU Health Sciences Center, unless the hospital bylaws require the member to be a voting member. If the chair can not participate, the duties shall fall to the vice chair. Should neither be willing or able to serve, the Chair may designate another Supervisor to serve. Should the hospital bylaws identify a term longer than one year, the President in consultation with the Chair and Chair-elect, may appoint a Supervisor to serve on that board of directors.

### **ARTICLE IV. BOARD SCHOLARSHIP PROGRAM**

#### **Section 1. Purpose and Mission**

The purpose of the LSU Board of Supervisors Scholarship program is to recognize and support students attending LSU entities who by their educational pursuits contribute positively to Louisiana's and society's prosperity and well-being.

The scholarship program's mission is to financially assist LSU degree-seeking individuals in achieving academic and career success by providing annual tuition-based scholarships in consideration of a student's academic potential, individual achievement or personal circumstances.

## **Section 2. General Program Guidelines**

- A. Scholarships will be awarded in consideration of academic potential, individual achievement or personal circumstances.
- B. This policy permits Supervisors and other specified individuals to award a certain number of scholarships, and may be awarded by academic year or academic term (fall, spring, and summer), but shall not apply to intersession terms. No more than the allotted amount may be active during any academic term.
- C. Normally students may receive only one tuition exemption scholarship from sources within LSU, which includes exemptions used for non-resident fees as allowed otherwise by this policy.
- D. Students who are eligible for a Taylor Opportunity Program for Students (TOPS) award may also be awarded a Board of Supervisors scholarship only in the event a TOPS Opportunity award does not cover the full cost of tuition in any given semester. If awarded, the Board of Supervisors Scholarship may only be used in conjunction with, not in lieu of, a TOPS award to cover the full cost of tuition.
- E. The Student Member of the Board of Supervisors, who is elected by the Council of Student Government Presidents, is encouraged to award at least one scholarship at each degree granting LSU campus.

## **Section 3. Application and Selection Procedures**

- A. To apply for a Board of Supervisors Scholarship, students should complete the application form available through the LSU Board of Supervisors' website .
- B. Students must also submit a personal statement with the application form. Personal statements are essays no greater than 750 words. A successful personal statement should allow the scholarship donor to have an inside glimpse of the applicant's life experiences and accomplishments. The personal statement assists Supervisors in understanding the student's personal circumstances, core interests, skills and values.
- C. All completed application forms, including the personal statement, should be submitted via a process specified on the application or application portal through which all applications must be submitted. Once the application is submitted, the Board staff will work with the respective campus administration to verify information and eligibility.
- D. The Board staff shall publicly specify a preferred date for application submission, and the specified time shall be no less than 60 days prior than the start of the academic terms for which a scholarship is expected to be awarded.
- E. Supervisors are encouraged to work with the President and Chancellors in identifying qualified scholarship recipients.
- F. It shall be the responsibility of the Board staff to notify the appropriate Supervisor when students fail to meet the eligibility requirements of the scholarship program. It shall be the responsibility

of the respective institution's admissions and financial aid staffs to determine if a student nominated to receive the scholarship meets the minimum qualifications set forth in this policy.

#### **Section 4. Scholarship Awards**

Each Supervisors and the President of LSU shall be authorized to award 15 scholarships. These scholarships are tuition exemptions, and two (2) of the 15 scholarships may be converted to exemptions of the non-resident fee assessed to qualified undergraduate students. Graduate and professional students are not eligible for non-resident exemptions.

Any person holding the title of President Emeritus shall be authorized to award five (5) tuition exemption scholarships each academic year valued at the cost of resident tuition.

#### **Section 5. Qualifications and Eligibility**

The Board of Supervisors Scholarship Program is available to both full-time and part-time students who are registered and enrolled in the undergraduate, graduate, and professional programs (with some exceptions) offered by the various LSU campuses and who meet the qualifications listed below:

##### **A. Qualifications**

##### **1. Freshman**

An undergraduate student, known as an "entering freshman", must have been officially admitted to the University.

An undergraduate who has completed at least one semester but who is still classified as a freshmen, known as a "continuing freshman", must earn a cumulative (overall) grade-point average of at least a 2.3 on all work taken during this classification to maintain their scholarships.

##### **2. Upperclassman**

Students classified as sophomores, juniors, and seniors must earn a cumulative grade-point average of at least 2.5 to receive and maintain a Board of Supervisors Scholarship.

Upperclassmen with a cumulative grade point average which is greater than or equal to 2.3, but less than a 2.5 may be considered for a scholarship provided that they meet all of the following criteria:

- a. They have earned at least a 3.0 grade point average, while enrolled for a minimum of 12 hours, for the full semester immediately preceding the award of the scholarship.
- b. They are making satisfactory academic progress towards a degree.
- c. They maintain a 3.0 semester average until their cumulative grade point average reaches the required 2.5 grade point average for upperclassmen.

##### **3. Professional and Graduate Students**

Students attending graduate or professional school at the various campuses must receive unconditional admission in order to qualify for a Board Scholarship.

Retention of the scholarship shall be based on students maintaining "good standing" with their respective academic programs.

## B. Ineligible Prohibited Recipients

- a. Supervisors, unless specified otherwise in this policy.
- b. U.S. Senators
- c. U.S. Representatives

### **Section 6. Student Board Member**

The student Board member of the LSU Board of Supervisors is granted a Board Scholarship during the time they serve on the Board until completion of the program in which they were enrolled when they were elected to the Board of Supervisors.

If the student Supervisor does not utilize the scholarship during their term on the Board, they may be awarded a scholarship for one year for a subsequent program within two years of the completion of their service on the Board for a maximum of two years. Students must comply with all of the requirements of the Board of Supervisors scholarship policy in order to earn and maintain the scholarship.

### **Section 7. Terms**

Undergraduate students may receive a Board Scholarship for a maximum of eight regular semesters and four summer terms.

Professional and graduate students may receive a Board Scholarship for the number of academic years that are considered normal academic progress toward receiving a degree.

### **Section 8. Value and Program Limitations**

The value of the Board Scholarship shall be equal to tuition only and shall not be inclusive of University fees, as fixed by the Board, for undergraduate and graduate students, unless the exemption is applied to non-resident fees as specified by the awarding Supervisor. The student shall be required to pay all other required fees, unless otherwise exempted by the respective campus.

Students who are eligible for a TOPS award may also be awarded a Board of Supervisors scholarship only in the event a TOPS award does not cover the full cost of tuition in any given semester. If awarded, the Board of Supervisors Scholarship may only be used in conjunction with, not in lieu of, a TOPS award to cover the full cost of tuition.

For the professional schools (Law, Medicine, Doctor of Nursing Practice, Physician Assistant, Doctor of Physical Therapy, Dentistry, Master of Occupational Therapy, Master of Business Administration and Veterinary Medicine), the value of the Board Scholarship shall be equal to the graduate student tuition rate at Louisiana State University and A&M College, as fixed by the Board for fifteen credit hours per semester and shall not be inclusive of University fees. The student shall be required to pay all other required fees, unless otherwise exempted by specific campus regulations. The exception to this paragraph is that Scholarships may not be awarded to students enrolled in specialized, self-supported educational program, such as the Executive Program of Master of Business Administration or any LSU Online programs.

Scholarship recipients attending professional schools who opt to enroll in a dual/conjoint degree program, such as the JD-MBA, can only apply the value of their scholarship to one of the degree programs. The student must designate to which program the scholarship shall apply. The cost of enrolling in the additional degree program is the sole responsibility of the student.

Scholarships awarded by a President Emeritus may only be for the value of tuition for a resident student.

#### **Section 9. Certification of Award**

The Board staff will provide a certification of award once the verification of eligibility is completed. Ideally, that should occur within 14 days from notification of Supervisors' indication to award to a student. The award letter is the official notice to the student and the campus that the exemption will be applied to a student's account.

An individual file is maintained for all awarded scholarships which includes the following information:

- Application with financial aid office documentation
- Application attachments
- Supervisor approval form
- Copy of letter to campus awarding scholarship
- Copy of award letter to recipient
- Documentation of semesters awarded and GPA/good standing to track eligibility
- Copies of correspondence related to award

#### **Section 10. Record Retention and Reporting**

The application and supporting documentation for students receiving the Scholarship shall be retained for 5 years after the award has expired. The documentation for applicants who did not receive the Scholarship shall be retained for a minimum of 3 years from the date of application being submitted.

In compliance with La. Revised Statute 17:1608 (Act 340 of the 2013 Regular Legislative Session), the Board of Supervisors annually provides to the Louisiana Legislature and posts on its website a list of all Board of Supervisor scholarship recipients and the value of the scholarship.

## **Section 7. Tenured and Term Appointment, Academic Staff**

**Faculty Ranks.** Faculty members and other members of the academic staff of comparable rank, including librarians, may be appointed for a specific term ("term appointment") or indefinitely ("tenured appointment") depending on rank and experience. Appointment or tenure on one campus of the University carries no implication of appointment or tenure on another campus. Academic employees are tenured only with respect to their academic ranks and not with respect to administrative titles or assignments.

Tenure is not a guarantee of lifetime employment, particularly in the face of institutional change or financial exigency. It does assure that the employee will not be dismissed without adequate justification and without due process.

Term employees are appointed for specified periods of time as indicated on the appointment form.

Professors and Associate Professors are tenured and are appointed for an indefinite period of time, except that the initial appointment and subsequent reappointments through not more than five years of total service to the University campus involved may be made for a stipulated term. Persons promoted to the rank of Professor or Associate Professor after less than five years of service on the campus may be continued to term appointment through no more than the fifth year. Persons holding a professorial rank (Professor, Associate Professor or Assistant Professor) while being paid by a grant or contract do not acquire tenure through the passage of time but may become tenured only by specific individual recommendation through appropriate channels and approval by the President.

Assistant Professors are appointed for terms no longer than three years. Upon reappointment after seven years of service in rank on a particular campus, Assistant Professors receive tenure. A thorough review will be made during the sixth year of service so that notice of termination may be given if necessary no later than the end of the sixth year of service. Individual campuses have the option of conducting the thorough review prior to the sixth year, provided that appropriate written notification is given to the faculty member. The University may, at its discretion, count prior service on the same campus toward the seven-year evaluation period for an Assistant Professor to achieve indeterminate tenure. The ultimate decision shall be left with the President, to be applied in each individual case for which the respective campus recommends granting indeterminate tenure counting prior service favorably.

Those who rank as Associate or Instructor shall be appointed for a specified term and shall not be considered for indeterminate tenure; provided, however, Associates and Instructors hired for an initial term greater than two years may be terminated at the end of the first year if given notice during the first nine months of that year. Otherwise, the provisions of Section 2-7(1)-(4) shall apply.

The rules pertaining to tenure and term appointments are subject to the following exceptions:

1. At the Pennington Biomedical Research Center, persons holding the rank of Professor, Associate Professor and Assistant Professor, while being paid by a grant or contract, do not acquire tenure through the passage of time. Upon individual recommendation and approval by the President, such persons at the rank of Professor and Associate Professor may receive rolling tenure, i.e., they may be appointed for terms of 5 years. Faculty with rolling tenure are reviewed annually and reappointments of Associate Professor and of Professor faculty are for 5-year terms. At such annual review, a recommendation not to reappoint the Associate Professor or Professor is with a 5-year terminal appointment. The faculty member will be notified of a decision not to renew the appointment at least 5 years before the end of the appointment. Faculty members with rolling tenure or on terminal appointments may be terminated for cause at any time with due process.
2. At the Paul M. Hebert Law Center, the rank of Associate Professor may or may not carry with it the status of tenure, depending upon the timing and circumstances of the individual appointment. Individuals receiving an initial three-year appointment as Assistant Professor will be reviewed in their third year for a second three-year appointment for promotion to Associate Professor without tenure. No later than their sixth year, they will be considered for tenure and for promotion to Professor of Law. Typically, successful candidates will both be tenured and promoted to Professor of Law, although there may be cases in which tenure will be granted but the promotion to Professor of Law deferred for later determination. In such cases, they will hold the rank of Associate Professor of Law (with tenure), pending subsequent procedures addressing their promotion to Professor of Law.
3. At those campuses employing full-time faculty members in the professions (e.g. Education) whose primary responsibility is in teaching or service programs associated with coordinating

fieldwork and supervising students in the field, the ranks of Assistant Professor-Professional Practice, Associate Professor-Professional Practice or Professor-Professional Practice may be designated. Individuals with these academic ranks shall not be eligible for tenure and may be enfranchised to the degree deemed appropriate by the faculty unit (system, campus, college, division or department).

**Expiration of Appointment.** Upon expiration of a term appointment, the employee is a free agent to whom the University has no obligation. The University may reappoint the employee to the same or a different position. Non-reappointment carries no implication whatsoever as to the quality of the employee's work, conduct, or professional competence.

When an employee, other than an Associate, is not to be reappointed, written notice to the employee will ordinarily be provided in accordance with the following schedule:

1. Not later than March 1 of the first academic year of service, if the appointment expires at the end of the year; or, if an initial one-year appointment terminates during an academic year, at least three months in advance of its termination.
2. Not later than December 15 of the second academic year of service, if the appointment expires at the end of that year; or if an initial two-year appointment terminates during the academic year, at least six months in advance of its termination.
3. At least 12 months before the expiration of an appointment after two or more years service on that campus.
4. When an Associate is not reappointed, the Associate shall be given written notice of termination no less than ninety (90) days prior to the expiration of the employment contract.

#### **Section 8. Terms of Employment - Part-Time Academic Staff**

Members of the part-time academic staff on the various campuses shall be given term appointments only, not exceeding one academic or fiscal year.

#### **Section 10. Basis of Pay**

University employees may be employees for the academic year, fiscal year, summer term, or other stipulated terms. Employees shall be paid in accordance with procedures established for their employment.

#### **Section 11. Regular Appointment**

An employee on "regular appointment" or one deemed to be "regular" is defined as (1) an employee whose appointment is for a period of more than 180 calendar days, or (2) one who has been employed for more than 180 consecutive calendar days by successive uninterrupted appointment.

## **Section 12. Holding of Political Office**

A full-time employee of the University shall not accept any appointive political office nor seek or hold any elective remunerative political office, without the consent of the President.

## **Section 13. Nepotism.**

- A. No member of the immediate family of an agency head shall be employed by that agency.

“Immediate family” as the term relates to a public employee means children, the spouses of the children, brothers, sisters, parents, spouse, and the parents of the spouse.

“Agency” means a department, office, division, agency, commission, board, committee, or other organizational unit of a government entity.

“Agency head” means the chief executive or administrative officer of any agency as defined above or any member of a board or commission who exercises supervision over the agency.

- B. The provisions of this policy shall not prohibit the continued employment of any public employee nor shall it be construed to hinder, alter, or in any way affect normal promotional advancements for such public employee where a member of the public employee’s immediate family becomes the agency head of such public employee’s agency, provided that such public employee has been employed in the agency for a period of at least one year prior to the member of the public employee’s immediate family becoming the agency head.
- C. Any person serving as a University employee on April 1, 1980, whose employment otherwise would have been in violation of this policy, may continue in such employment and the provisions of this section shall not be construed to hinder, alter, or in any way affect normal promotional advancement in public employment for such employees.
- D. This policy shall apply to all forms of employment; regular full-time employment, regular part-time employment, temporary full-time employment, temporary part-time employment, etc., and will apply to all employees, including student workers.
- E. Exceptions to the restrictions outlined in this policy are not permitted. However, employees of an agency who marry may continue to work in that agency even though one of the employees is the agency head, provided that the supervising spouse avoids participating in transactions in which the subordinate spouse has a substantial economic interest.
- F. Individual campuses may adopt more restrictive provisions to this policy provided that those provisions are approved by the President.

## **Section 14. Boyd Professorships**

### **A. Eligibility**

A faculty member on one of the various campuses of the University who has attained national, or as appropriate, international distinction for outstanding teaching, research, or other creative achievement may be designated a "Boyd Professor." The "Boyd Professorship" shall be regarded as the highest professorial rank awarded by the University. No Professor holding an administrative position of the rank of dean or above shall be eligible for designation as a "Boyd Professor."

### **B. Procedure for Nomination**

Nomination of a Professor for designation as a "Boyd Professor" shall originate with a dean or deans (in the case of split appointments) or a director of a school, which is not a college, in which a nominee holds professorial status. The nomination shall be addressed to a review committee through the Chancellor of the campus on which the nominee is a faculty member or, for faculty members of LSU, through the President or his or her designee. The nomination by deans or directors shall be reviewed by a committee comprised of the chief academic officer of the University, who shall serve as chair, two emeriti Boyd Professors, and three current Boyd Professors appointed by the President from throughout the University.

## ARTICLE III. LEAVES

### **Section 1. Sabbatical Leave**

Full-time academic employees [Sec. 2-1a(1)] at the rank of Instructor (or equivalent) or above, who have completed six years of service on the campus without having received leave with pay, may petition for sabbatical leave for study and research, the object of which is to enable them to increase their professional efficiency and usefulness to the University. Adequate justification setting forth the plan for each sabbatical leave shall be stated, and report of the accomplishments under each leave granted shall be made promptly upon return from sabbatical leave. Sabbatical leave shall normally be approved for the purpose of seeking a higher degree only under unusual circumstances. Persons employed on a 12-month basis may be granted 12 months' leave with one-half pay or six months' leave with full pay. Persons employed on nine-month basis may be granted nine months' leave with one-half pay or four and one-half months' leave with full pay. Approval of sabbatical leaves shall be in accordance with the Personnel Action Approval Policy. A member of the academic staff who is granted sabbatical leave shall be required to return to his University duties for at least a year before accepting employment elsewhere. A condition for granting of a sabbatical leave is the potential benefit the University will receive as a result of the sabbatical.

Under unusual circumstances, persons may accept employment during sabbatical leave if such employment is approved in advance by the President upon recommendation of the Chancellor or, for LSU, the President's designee as supportive of the purposes of the leave.

### **Section 2. Leave to Obtain Advanced Degree**

Members of the instructional, research, and extension staff on full-time regular academic appointment, who have completed two consecutive years of service at the rank of Instructor (or equivalent) or above, may petition for a leave of absence with part pay for not more than one year of study which will culminate in the receipt of an advanced degree. Such petition shall set forth the course of study to be pursued, the institution to be attended, an account of the petitioner's prospect for securing an advanced degree, and such other information as may be required. Approval shall be granted only after it has been determined that the interests of the University will be best served by granting such leave and that the petitioner will return to his University duties for at least two years before accepting employment elsewhere. Approval of sabbatical leaves shall be in accordance with the Personnel Action Approval Policy. The amount of pay to be allowed under such a grant shall be determined in each individual case, but in no event shall it exceed one-half of the regular salary which would accrue to the petitioner during the period of leave.<sup>4</sup> If the petitioner, upon taking educational leave, does not return to the University for the required two years, the petitioner shall pay back to the University the amount paid to the petitioner for the leave. The period of service completed prior to granting of leave under this section shall not be counted in considering eligibility for sabbatical leave.

The Chancellor shall forward a copy of any complaint to the President who shall then inform the Supervisors of the complaint. If, however, the complaint is initially given to the President or a Supervisor, the complaint shall be transmitted to the appropriate Chancellor to initiate the process.
2. The complaint shall contain specific incidents complained of with all particulars thereto. If documentation evidencing the alleged unreasonable competition is available, it shall be attached to the complaint.
3. The Chancellor or, for LSU, the President shall communicate with the person or persons filing the complaint and with the personnel against whom the complaint is made. If the complaint is resolved to the mutual satisfaction of the Chancellor or, for LSU, the President and the complainant, the Chancellor shall notify the President of the means and terms of the resolution. If the complaint cannot be resolved, within 45 days of receipt, to the mutual satisfaction of the Chancellor and complainant, the Chancellor shall submit the matter in the form of a report to the President. The 45-day period may be extended by mutual consent of the Chancellor, the President and the complainant.
4. In the event that the Chancellor is unable to resolve the matter, the President shall communicate with all parties. If the complaint is resolved to the mutual satisfaction of the President and the complainant, the President shall notify the Chancellor and the Board of the means and terms of the resolution. If the complaint is not resolved, within 30 days, to the mutual satisfaction of the President and the complainant, the President shall submit the complaint, the President's report, and the Chancellor's report, if any, to the appropriate committee of the Board. The 30-day period may be extended by mutual consent of the President and the complainant.
5. For any complaint submitted to the appropriate committee of the Board through the proper channels, the committee shall afford representatives of the complainant and the institution the opportunity for a public hearing in which they may present their complaints and explanations. The President shall officially notify all parties of said hearing at least 30 days in advance. The hearing shall be held within 60 days of the committee's receipt of the President's report.

6. At the conclusion of the hearing, if there is no need for further investigation, the appropriate committee of the Board shall make a determination as to the validity of the complaint. Each case shall be decided on its merits. The committee shall issue within 60 days after the hearing a report containing its findings and recommendations. The report shall be subject to full Board approval.
7. The Board shall issue a final report within 45 days of the committee's action.
8. The Committee report and the final report of the full Board shall be transmitted to the complainant immediately upon issuance, with a copy forwarded to the Board of Regents for informational purposes only. Additionally, a copy of each campus or University head's report on the resolution of a complaint shall be forwarded to the Board of Regents for informational purposes only.

## **Section 11. Scholarships and Financial Aid**

A scholarship and financial aid program should be designed to recruit the best talent possible, to craft a class that achieves institutional goals, and/or to serve a need of Louisiana, especially those students of academic ability in financial need. The administrative head of a campus enrolling students is required to establish the scholarship and financial aid policy of their respective campus. This section supersedes all previous Board resolutions related to institutional-based scholarships and grant-aid financial assistance.

This policy applies to institutionally funded financial aid. This policy shall not apply to federal or state financial aid programs nor privately funded scholarship programs administered by the University and for which the student meets specified qualifications to receive.

### **A. Requirements of A Policy**

Each campus' institutional scholarship and financial aid policy shall comply with federal and state laws and regulatory guidelines. A scholarship policy authorized under this section shall also require:

1. The establishment of a committee or committees, composed of people holding diverse perspectives, for maintaining:
  - a. Eligibility criteria for scholarships (other than those established by donor agreement); and,
  - b. A specified method of selecting recipients if individuals are selected from a pool of potential candidates.
2. A prohibition on the awarding of aid by a single employee based on their discretion, except for coaches who may award athletics scholarships for student-athletes and student-staff in their respective sport only.
3. A prohibition disallowing selection committee members to participate in the decision to award a scholarship to an immediate family member.
4. Provisions of documentation on rationale for awarding exemptions and waivers to students.

### **B. Budgetary Control**

Because institutional aid is committed to students prior to the approval of the institutional budget, the administrative head of each campus shall have the authority to commit total financial aid awards for the upcoming academic year in accordance with the campus financial aid policy outlined in this Section up to an amount not greater than a thirty-three percent increase from the

current year, unless authorized by the Board for larger amounts. The final amount will be included in the operating budget that is submitted to the Board for approval.

Approval by the Board to increase tuition or fees shall be construed as authority to increase the institutional-based budget by an amount proportionate to the tuition or fee increase. The thirty-three percent limitation shall exclude any institutional-based aid budget increase associated with tuition or fee increases.

#### C. Reporting

The chancellors shall submit to the President an annual report on or before August 15 of each year outlining the number and cost of institutional awards provided and demographics of the recipients. The President shall maintain a copy of each campus's most recent scholarship policy required under this Section. The President may also require other regular reports as deemed necessary.

#### D. Definitions

For the purposes of this section, an "exemption" is a charge assessed to a student that is paid by an external sponsor or with institutional financial aid. A "waiver" eliminates a portion of the amount an institution assesses a student for tuition and/or fees. "Institutional aid" means the amount allocated by the campus for student financial assistance. "Immediate family" or "family" is the definition approved by statute in the Louisiana Code of Governmental Ethics.

A notice of impending significant procurements shall be transmitted to the Board monthly.
  - b. The Board requires monthly notification of unexecuted authorities delegated by the Board to the President.

**Section 13. General**

Student religious centers located on a campus of the University may be furnished heat, electricity, water, and gas, all at the expense of the campus, when they can conveniently be supplied by the campus utility distribution systems. This policy shall not apply to utilities required for air-conditioning and similar services.

Fraternity and sorority houses located on a campus may be furnished heat, light, water, and gas at cost by the campus, and when minor repair work is performed, it shall be furnished at cost.

Self-supporting auxiliary enterprises (designated as Restricted Fund Accounts) shall be charged with the cost of all utilities, equipment, repairs, and alterations to buildings incident to their operations.

**Section 14. Financial Exigency**

Anything in the Regulations of the Board of Supervisors to the contrary notwithstanding, if the Board of Supervisors finds that a condition of Financial Exigency exists at an institution, within an academic or other unit of an institution, or in the University generally, then the furlough, layoff, or termination of tenured faculty, non-tenured faculty or other contract employees before the end of their contract term will be handled in accordance with the Financial Exigency policy set forth below. As used herein, the term "unit" means any identifiable component of the University at any level of its organization which has an annual budget for the operation of such component.

A. Definition of Financial Exigency

A condition of financial exigency shall exist whenever the financial resources of a campus are not sufficient to support the existing programs and personnel of the campus without substantial impairment of the ability of the campus to maintain the quality of its programs and services. Financial exigency may result from a reduction in financial resources or from the failure to receive increases in financial resources sufficient to maintain quality. Evidence of financial exigency may include, among other factors, reduction of state appropriations, faculty and staff salary levels substantially below national and regional averages, significant loss of personnel or inability to attract new personnel apparently due to inadequate salary and other support, and substantial threat of deterioration of facilities due to lack of resources for maintenance.

B. Board of Supervisors Action

The Board of Supervisors, in the exercise of fiscal responsibility, may decide to declare financial exigency with respect to the University as a whole, to one or more institutions of the University, or to any unit or program within an institution. Reasonable efforts shall be made to ensure that students affected will be allowed to complete their programs, within the limits of budgetary restraints, at the institution or by transfer to another institution.

A declaration of financial exigency shall represent a determination by the Board of Supervisors, upon recommendation of the Chancellor and President, that the financial condition of a unit, institution or system has reached a crisis in which the entity must carefully re-examine its priorities and reduce programs or personnel or both to effect a cost savings sufficient to alleviate the financial exigency.

The determination of financial exigency affecting the University or any institution or within an academic or other unit of an institution shall be the sole responsibility of the Board of Supervisors, but the President, upon request from the Chancellor of an institution or, for LSU, on the President's own initiative, and after consultation with representative faculty members, may request such a determination by the Board. A request for the declaration of a financial exigency at any level before the institution level must originate at the institution. When such determinations are made, this policy, along with any implementing procedures, will take precedence over those applicable Board policies which govern normal operating procedures.

Implementation of a declaration by the Board of Supervisors of financial exigency shall be developed with the understanding that action taken will be consistent with the basic mission of the University to provide the best possible education, research and public service.

### C. Implementation of Declaration of Financial Exigency

Upon a declaration of financial exigency by the Board of Supervisors, the Chancellor at each institution or, for LSU, the President's designee, after consultation with faculty and staff, and approval by the President, shall determine whether furloughs, layoffs or terminations are required and which employees will be affected. This determination shall be made in accordance with procedures established by the President, which will give primary consideration to the maintenance of a sound and balanced educational program that is consistent with the functions and responsibilities of the institution. Faculty and other employees under contract who are furloughed, laid off, or terminated before the end of their contract terms for reasons of financial exigency shall, whenever possible, be notified at least ninety (90) days in advance of the date of the furlough, layoff, or termination. The notice of furlough, layoff, or termination shall be delivered personally or by certified mail, with return receipt requested. Notice shall be complete upon delivery or mailing. This notice shall include, in writing, a statement of the conditions requiring furlough, layoff, or termination, a general description of procedures followed in making the decision and a statement of the employee's right to respond orally and in writing to a designated official or committee of the institution and to review by the Chancellor or, for LSU, the President's designee within the time specified in the notice as to the reasons for the furlough, layoff, or termination. The employee(s) shall also have the right, upon written request within twenty (20) days from the date of notification of the final decision of the Chancellor or, for LSU, the President's designee, to apply in writing to the President for a review of the decision.

The term "furlough" as used in this policy, is defined as temporary leave without pay for any employee, including tenured faculty members or non-tenured faculty or other contracted employees, before the end of their contract term. The term "layoff," as used in this policy, is defined as the temporary dismissal of any employee, including tenured faculty members or non-tenured faculty or other contracted employees, before the end of their contract term. Layoffs may lead to eventual termination. Layoffs or terminations may occur within an academic unit or other unit of an institution without a net loss of faculty members or other personnel at the institution; that is, layoffs or terminations in some academic or other units may occur with simultaneous authorization of new positions for different duties in academic or other units, depending upon the needs of such units.

### D. Approval Required

Anything in the regulations of the LSU Board of Supervisors to the contrary notwithstanding, if the Board of Supervisors declares financial exigency, either at an institution, within an academic or other unit of an institution, or in the University, as provided in section (b) above, program modifications or discontinuances recommended by the institution and approved by the President must be approved by the Board of Supervisors. With respect to the implementation of such program modifications or discontinuances upon a declaration of financial exigency, decisions with respect to furlough, layoff, or termination of any tenured faculty, non-tenured faculty, or other contract employee before the end of their contract term must be approved by the Chancellor or, for LSU, the President's designee and the President, and the decisions are final upon approval of the President. Review of such decisions by the Board of Supervisors is at its sole discretion.

### E. Termination of Financial Exigency

Financial Exigency shall terminate at the end of the fiscal year in which it was declared.

## ARTICLE VI. GIFTS AND GRANTS

### Section 1. Conditions of Acceptance

The Board stands ready to receive in the name of the University:

- a. Memorials, such as buildings, laboratories, or other facilities, to be placed on the campus either for beautification or for practical service and memorials in land which extend the boundaries of the campuses or other facilities.
- b. Gifts for instruction or research.
- c. Gifts for scholarships, fellowships, or student loan funds.
- d. Other gifts for special purposes (e.g., library) which will enrich the life of the University and its students.

However, the Board shall be the final authority in the determination as to whether the freedom and functions of the University and its responsibilities to the public are curtailed by the terms of any gifts.

Instruction and research are so inseparable and essential to the highest efficiency of a university that the University looks with favor upon acceptable proposals for research and related contracts with State and Federal agencies and with private individuals and corporations.

### Section 2. Commercial Testing

When the gift or grant proposed by a private individual or corporation for research or other educational function has a direct bearing upon the business of the donor, or is a routine job deemed to be without educational or research value, then it becomes essential that the proposal be considered in the light of the public interest, the relationship to the efficiency of, and the probable cost to the University.

In determining whether to undertake for an individual or private concern commercial testing or special research having a direct bearing upon the business of the individual or corporation, the University will give special consideration to the following:

- a. Whether the problem has industry-wide implications;
- b. Whether the problem will contribute to the professional development of its faculty and students;
- c. Whether the problem will interfere in any material way with the obligations and responsibilities of the University;
- d. Whether the donor is willing to grant full publication rights after termination of each research phase of the problem.

### Section 3. Payment for Indirect Costs

When the University undertakes such cooperative research, the extent of indirect cost to be assessed for use of facilities shall depend upon the extent that the University determines its instructional and research programs are enriched or its responsibilities to the people are fulfilled by acceptance of the gift.

The University makes a distinction between grants which are made by established federal agencies and foundations, in support of research which has been proposed by one or more faculty members, and for which money is received essentially as a grant-in-aid, on the one hand, and payments for contract research on the other, in which the direction taken by research is determined by the desires of outside persons or agencies.

**Section 4. Protection of Public Interest**

In general, all results of experimental work, including patentable discoveries, carried on by or under the direction of the faculty of the University belong to the University and to the public and shall be used and controlled to produce the greatest benefit to the public. If patentable discoveries grow out of the investigation and such discoveries have commercial value, the grantor shall receive preferential consideration as a prospective licensee with a view to compensating in part the grantor for the assistance rendered in the investigations.

Grants may be received on the condition that rights to patentable discoveries will be in the name of grantor but only when the acceptance of the gift has advantages to the University and to the people of the State of Louisiana which outweigh the rights thus relinquished.

**Section 5. Use of Name of the University**

In no event shall gifts and grants be received with the understanding that the name of the University or any of its components may be used in any advertisement without the express written permission of the University.

**Section 6. Use of University Facilities for Private Gain**

It shall be understood that no member of the faculty or staff may use University facilities in conducting research for private gain.

## ARTICLE VII. INTELLECTUAL PROPERTY

### Section 1. General Policy

The University encourages and expects its personnel to engage in creative, scholarly activities as part of their duties. All University Personnel are required to disclose to the appropriate campus officer, at an early date, any discoveries, inventions, and works potentially subject to legal protection under patent, copyright, or other law. The inventor, the inventor's department, and the inventor's campus gain prestige, and in some cases financial benefits, from commercializing an invention or discovery. Such commercialization is consistent with, and complementary to, the University's academic mission; through such activities, the University provides new benefits to the public and enhances economic development.

### Section 2. Definitions

- A. "**LSU Invention**" shall mean an invention or discovery that is either conceived, created, designed, developed, conducted or first reduced to practice, in whole or in part, during activities that: **(1)** are carried on by, or under the direction of, LSU Personnel, regardless of when or where conception or reduction to practice occurs; **or (2)** are supported by funds under the control of the University; **or (3)** are performed with the use of University facilities, equipment, or supplies. The term "**LSU Invention**" shall also include any patent application or issued patent containing at least one claim reading on such an invention or discovery. As a limited exception, the following shall not be considered an "**LSU Invention**": an invention or discovery that is wholly conceived and wholly first actually reduced to practice during activities that: **(1)** occur during the personal, off-duty time of all involved LSU Personnel; **and (2)** are not supported by funds under the control of the University; **and (3)** are not performed with the use of University facilities, equipment, or supplies; **and (4)** are unrelated to any current or past field or area of expertise, responsibility, or employment of any involved LSU Personnel.
- B. "**LSU Work**" shall mean any original work of authorship that is fixed in any tangible medium of expression, and that is created or produced during an activity that is supported by the University, in whole or in part. The term "**LSU Work**" shall also include any copyright or other legal rights derived from such a work. The support by the University may, for example, take the form of financial support, use of facilities, use of supplies, payment of salary, the consideration provided in a particular contract, or otherwise. "**LSU Work**" shall not, however, include any work deemed to be LSU Software.
- C. "**LSU Software**" shall mean any software created or developed, in whole or in part, during activities that: **(1)** are carried on by, or under the direction of, LSU Personnel, regardless of when or where the creation or development occurs; **or (2)** are supported by funds under the control of the University; **or (3)** are performed with the use of University facilities, equipment, or supplies. The term "**LSU Software**" shall also include any source code pertaining to such software; any copyright derived from such software; any patent application or issued patent containing at least one claim reading on such software, or having at least one claim reading on a process or apparatus incorporating such software; and any other legal rights derived from such software.
- D. "**LSU Digital Media**" is a collective term that encompasses all LSU Software, as well as some LSU Works. All LSU Software is considered "**LSU Digital Media.**" An LSU Work is considered "**LSU Digital Media**" if it is fixed in a tangible digital medium (including, by way of example, a magnetic

tape, a floppy disk, a hard disk, a compact disk, a digital video disk/digital versatile disk/DVD, or an Internet website) that is intended to be used by third parties in digital form or that is intended to be distributed in digital form to third parties for consideration. An LSU Work that is transmitted to a publisher in digital form at the request of the publisher or for the convenience of the author or publisher, but that will not be distributed by the publisher to third parties in digital form (e.g., a conventional printed book whose text is prepared on a word processor) is not considered "**LSU Digital Media**." However, any digital media that otherwise satisfies the above definition, and that is intended to be distributed to third parties with a printed book (for example, a compact disk read-only-memory packaged with a book) is considered "**LSU Digital Media**." An LSU Work that is published electronically as part of a peer-reviewed scholarly journal on the Internet shall not be considered "**LSU Digital Media**." Some "**LSU Digital Media**" will be treated as LSU Works, and some "**LSU Digital Media**" will be treated as LSU Software, as provided in greater detail in Section 7-7(b).

- E. "**LSU Database**" shall mean a digital database that has commercial value, or that reasonably may be considered to have potential commercial value, regardless of whether the database is the subject of copyright, where the database is created or developed, in whole or in part, during activities that are: **(1)** carried on by, or under the direction of, LSU Personnel, regardless of when or where the creation or development occurs; **or (2)** supported by funds under the control of the University; **or (3)** conceived, created, designed, developed, or conducted with the use of University facilities, equipment, or supplies. The term "**LSU Database**" shall also include any source code pertaining to such database; any copyright derived from such database; any patent application or issued patent containing at least one claim reading on such database, or having at least one claim reading on a process or apparatus incorporating such database; and any other legal rights derived from such database, including by way of example any statutory legal protection for a database, whether the statute is enacted before or after the provisions of these *Bylaws* concerning LSU Databases take effect.
- F. "**LSU Mark**" shall mean any trade name, trademark, service mark, design, or trade dress: **(1)** that is associated with the University, or with any campus or other part of the University; **or (2)** that is created or produced during an activity that is supported by the University, in whole or in part; **or (3)** that is created or produced by LSU Personnel and is associated with any other LSU Intellectual Property. The term "**LSU Mark**" shall also include any goodwill associated with any such mark, and any registrations or other legal rights derived from such a mark.
- G. "**Other LSU Intellectual Property**" shall mean any intellectual property, other than an LSU Invention, LSU Work, LSU Software, LSU Digital Media, LSU Database, or LSU Mark, where the events giving rise to the creation of that intellectual property are supported by the University in whole or in part. By way of illustration only, such "**Other LSU Intellectual Property**" may include plant variety protection applications or certificates; semiconductor mask works; trade secrets; know how; and tangible research property (e.g., semiconductor chips, software, biological organisms, prototypes, drawings, original research records, notebooks, data, and other corporeal property that can be physically or electronically distributed). In interpreting this paragraph, the principles of paragraphs (a) through (f) above shall apply by analogy where appropriate.
- H. "**LSU Intellectual Property**" shall mean, collectively, any LSU Invention, LSU Work, LSU Software, LSU Digital Media, LSU Database, LSU Mark, or Other LSU Intellectual Property.

- I. **"Course Materials"** shall mean any copyrights in underlying educational materials or course content used in the *bona fide* teaching or instruction of a regularly scheduled course for credit offered by the University, to the extent that an author of those materials, himself or herself, uses those materials in teaching the course; including portions, subsets, drafts, revisions, updates, versions, and instructional components of such materials; whether printed, digital, Internet based, CD/DVD-based, audio- or video-based, or otherwise. **"Course Materials"** may include copyrights in items that would otherwise constitute LSU Works, LSU Software, or LSU Digital Media. **"Course Materials"** shall not, however, include rights in any patent, patent application, LSU Database, LSU Mark, or LSU Invention. **"Course Materials"** shall not include any rights that are derived from a co-author who is not also directly involved in the teaching or instruction of a regularly scheduled course for credit at the University using those materials.
- J. **"Distributable Royalties"** shall mean any consideration, whether in the form of money, corporate stock or other equity in a business organization, or any other thing of value, actually received by and in the control of the University pursuant to an authorized agreement granting any rights in any LSU Intellectual Property, after deduction of the University's legal, professional and patent expenses directly expended in support of and allocable to that LSU Intellectual Property, except that **"Distributable Royalties"** shall **not** include:
1. Any such consideration received by the University in reimbursement of or allocated for direct, out-of-pocket expenses paid or owed by the University to third parties which are directly allocable to the LSU Intellectual Property for which the consideration is received, such as expenses for past, present, or future attorney fees and other legal expenses, and amounts paid to outside contractors, regardless of whether the authorized agreement expressly provides for such reimbursement; provided that such expenses shall not include any internal expenses of the University, such as salaries, administrative overhead, building rent, equipment purchases, and similar expenses;
  2. Any consideration deemed a Research Grant or deemed as Litigation Proceeds, as defined herein; and
  3. Any amounts received by the University that are attributable to an LSU Mark.
- K. **"Research Grant"** shall mean (for purposes of this Section 7 of the *Regulations of the Board*) any consideration received by the University under an authorized sponsored research agreement that, along with any other provisions, grants another party any rights in any LSU Intellectual Property, where the University's disposition of that consideration is restricted by that contract to use for conducting research.
- L. **"Litigation Proceeds"** shall mean any money or other property received by the University as a result of any resolution of a dispute over another's use, infringement, or licensing of any LSU Intellectual Property, whether received by way of judgment, arbitration, or settlement -- and in the case of a settlement, regardless of whether any arbitration or lawsuit has been instituted.
- M. **"University"** shall mean the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College, including all of its campuses, centers, institutions, facilities, and other property.

N. "LSU Personnel" shall mean all University Supervisors, Officers, Faculty, Staff, Research Associates, Postdoctoral Fellows, Instructors, Graduate Students, and other employees of the University, whether part-time or full-time. "LSU Personnel" shall include, for example: (1) faculty or other LSU Personnel who are on nine-month appointments, who shall be considered "LSU Personnel" throughout the calendar year for purposes of this Section 7 of the *Bylaws*, (2) visiting faculty, and (3) adjunct faculty, emeritus faculty, and University undergraduate and professional students employed by the University when those persons act within the course and scope of their employment by the University. "LSU Personnel" shall not include adjunct faculty and University undergraduate and professional students when those individuals are not acting as employees of the University.

### Section 3. Ownership and Management of LSU Intellectual Property

#### A. Right to Own and Manage LSU Intellectual Property

1. The University holds all right, title, and interest to all LSU Intellectual Property in all countries. LSU Personnel shall execute any formal assignments to the University of all right, title, and interest to any LSU Intellectual Property, and shall execute such other documents and perform such other lawful acts (at no out-of-pocket expense to the LSU Personnel) as may be requested by the University fully to secure the University's interest in LSU Intellectual Property.
2. As owner of LSU Intellectual Property, the University may manage, license, patent, register, sell, abandon, or otherwise dispose of any LSU Intellectual Property as the University in its discretion sees fit, including but not limited to all decisions concerning potential financial benefits to be derived from any LSU Intellectual Property.
3. Only the University, acting through the procedures set forth in this Section 7, has the authority to enter into any agreement relating to LSU Intellectual Property. Any purported assignment, transfer, license, assertion of ownership, or other disposition of LSU Intellectual Property by the inventor(s) or author(s), without the prior written approval of a University official authorized pursuant to these *Regulations*, is void and will not be recognized by the University -- including, by way of example and not limitation, any such purported assignment or other disposition in a consulting agreement, research agreement, material transfer agreement, or confidentiality agreement.
4. If the University elects not to manage, license, patent, register, sell, or otherwise dispose of any item of LSU Intellectual Property, then on written request from the affected inventor(s) or author(s), in the University's sole discretion, the University may, with any required concurrence from a research sponsor, by written agreement with the respective inventor(s) or author(s), relinquish and assign that item to the inventor(s) or author(s), subject to such conditions as the parties find mutually agreeable and to such conditions as may be required by a research sponsor.

- B. Each Chancellor or, for LSU, the President shall establish policies and procedures for, and identify employees or positions responsible for, the management of LSU Intellectual Property on that campus. Each campus shall be responsible for compliance with all procedures and obligations under the federal Bayh-Dole Act (PL 96-517) or any other applicable laws, regulations, agreements or contracts with respect to the management of LSU Intellectual Property.
- C. 1. In exceptional circumstances, the University may waive its rights to certain items that would otherwise be LSU Intellectual Property, in favor of an outside employer of one or more LSU Personnel, if the University expressly approves in writing and in advance a valid consulting agreement between that employer and the LSU Personnel, and if the consulting agreement expressly states in writing that such items shall become the property of that employer, and if the consulting agreement and all activities conducted under the consulting agreement are in full compliance with the Code of Governmental Ethics and all pertinent rules and regulations of the University. Any such waiver may only be made in writing by the Chancellor or, for LSU, the President or the President's designee (or the President, if PM-11 or PM-67 require approval by the President of the related consulting agreement), which authority may not be further delegated, based on a written finding setting forth the reasons that such a waiver is in the best interests of the University.
2. The University will ordinarily grant to a non-governmental sponsor of funded research at the University an exclusive right, for a limited period of time, to negotiate with the University for a royalty-bearing license under inventions that may result from the funded research, under mutually agreeable terms. Royalty rates or other consideration to be paid for a licensed invention will not ordinarily be determined before the invention has been made, except where justified in writing, in light of exceptional circumstances, to be in the best interests of the University.
- D. Restrictions on Publication
1. Nothing in this Section shall be construed to prohibit or restrict LSU Personnel from publishing in academic channels any material that the University and those Personnel are otherwise free to publish. LSU Personnel are cautioned that early publication can destroy or impair the legal protection that might otherwise be available for intellectual property, and where appropriate are advised to consult with their campus technology transfer officers well before the first planned publication to discuss this question further.
2. As a matter of policy, the University shall not normally accept restrictions or prohibitions on publications, other than a requirement for delaying publication for a reasonable period of time, from research sponsors and intellectual property licensees. Before the University can consent to any such restrictions on publication, both of the following conditions must be satisfied and documented: (1) the restrictions are tailored to be the least restrictive conditions which will satisfy the legitimate concerns of the sponsor or licensee, and (2) all LSU Personnel likely to be affected by the proposed restrictions have consented to the restrictions.

## Section 4. Allocation of Distributable Royalties

### A. Distribution to Inventor or Author

1. Forty percent (40%) of all Distributable Royalties as defined in Section 7-2(j) shall be paid or transferred to the respective inventors or authors within thirty days of receipt by the University, unless a different schedule is otherwise agreed in writing by the University and the inventor(s) or author(s).
2. For as long as the University receives such Distributable Royalties, payment of this allocation of Distributable Royalties shall continue to the respective inventors or authors, regardless of whether they continue employment at the University, or to their heirs, as applicable.
3. Provided, however, that the Chancellor of the appropriate campus (or campuses) or, for LSU, the President or the President's designee may direct that no part (or a reduced part) of Distributable Royalties shall be paid or transferred to the inventors where those Distributable Royalties are attributable to one or more Plant Patents or Plant Variety Protection Certificates.
4. Further provided, that upon the written request of any inventor or author, all or part of that inventor's or author's share of Distributable Royalties may be (1) retained by the University to support research under the direction of that inventor or author, or (2) paid to any other LSU Personnel who made a non-inventive contribution to the LSU Intellectual Property, according to a written agreement. Assessing and managing any personal tax implications of any such requests shall be the sole responsibility of the inventor or author.
5. In recognition of the administrative costs that are associated with distributing small Distributable Royalty payments, the following procedures shall be used where applicable. At any time when the cumulative total of undistributed Distributable Royalty payments received on account of a particular license of LSU Intellectual Property in a given fiscal year is less than \$250, the Distributable Royalties for that license shall not be distributed as otherwise provided, but shall instead be held by the University until the end of the current fiscal year. If, at any time during that fiscal year, the cumulative undistributed total reaches \$250, then the accumulated Distributable Royalties shall at that time be distributed as otherwise provided herein.

### B. Distribution to the Office of the President, the LSU LIFT Fund and the Campus

1. Five percent (5%) of all Distributable Royalties shall be allocated to the Office of the President.
2. Five percent (5%) of all Distributable Royalties shall be allocated to the *LSU LIFT (Leveraging Innovation for Technology Transfer) Fund* in the Office of the President for support of proof-of-concept grants to faculty at any University institution in furtherance of commercial development of inventions.
3. Fifty percent (50%) of all Distributable Royalties shall be allocated within the appropriate campus as directed by the Chancellor of that campus or, for LSU, the President or his designee.

4. None of the allocation of Distributable Royalties to either the Office of the President or to the campus may be allocated directly to any individual.
5. In accord with the University's obligations under the federal Bayh-Dole Act and with the University's commitment to investing in its researchers and advancing discoveries to benefit the public, all allocations of Distributable Royalties to the Office of the President, to the LSU LIFT Fund or to a campus will be used only in further support of scientific research, education and commercialization activities.

C. Distribution and Management of Equity

1. Corporate stock or other equity shares within Distributable Royalties which comprises the inventor's allocation as described above shall be transferred to the respective authors or inventors as soon as reasonably practicable after the University is legally able to transfer title to such equity, and until that time the University shall be the sole owner of such equity. The University shall have no liability in the event the value of such equity changes before it is distributed to the inventors or authors.
2. All stock or other equity owned by the University as its portion of Distributable Royalties shall be managed and disposed of by the President, in consultation with the Chair and Chair-Elect. The President shall have the authority to perform all acts that a stockholder or other equity holder lawfully may perform under applicable law. The President or his designee shall regularly review all equity that the University has acquired as its portion of Distributable Royalties, to decide when it should be held and when it should be sold or otherwise transferred. The President is authorized to confer with one or more financial professionals in reaching these decisions, and to rely on the advice of such professionals in making these decisions. The President shall notify the affected campus(es) prior to selling stock or other equity, except where exigent circumstances prevent prior notice.
3. To avoid potential conflicts of interest, the appearance of conflicts of interest, and potential liability:
  - a. No LSU Personnel shall act as an officer, director, manager, or the like in any business entity in which the University acquires stock or other equity under this Section 7; except that where the pertinent contract granting the business entity rights in LSU Intellectual Property has been approved under the provisions of the University's Permanent Memorandum 67, the affected inventor(s) or author(s) may hold such managerial roles in the business entity in their personal capacities, but not as representatives of the University; and
  - b. The University shall not otherwise attempt to influence the management or operation of any such business entity in which the University owns equity. Exercising any voting rights associated with equity owned by the University shall not be considered to be prohibited by this subsection. In exceptional circumstances, the President, after consultation with the Board Chair and Chair-elect, may authorize a departure from this requirement; upon a written finding that doing so will be in the best interests of the University.

4. Any equity owned by the University as its portion of Distributable Royalties shall not be further distributed within the University, but instead shall be managed by the President. Any cash benefits received by the University arising from such equity ownership (for example, cash dividends, or proceeds from the sale of the equity) shall be distributed within the University in the same relative proportions as other Distributable Royalties; except that the inventor(s) shall receive no portion of any such cash, because the inventor(s) will ordinarily have already received 40% of the equity originally received by the University under Section 7-4(b)(1).

#### D. Distributions Involving Multiple Parties

1. Distribution to Multiple Inventors or Authors. When more than one inventor or author is entitled to share in Distributable Royalties, the inventors or authors as a group shall receive the forty percent of Distributable Royalties specified above, and the allocation of Distributable Royalties among those individuals will be determined as follows. That inventor's share of Distributable Royalties shall be distributed equally among the inventors or authors unless either: **(i)** all affected inventors or authors unanimously agree in writing on a different distribution, **or (ii)** if the affected inventors or authors are unable to reach unanimous agreement on a different distribution, then in proportions and under procedures established by the President based upon the merits of the individual case. This allocation by the President shall be final and unappealable.
2. Distribution to Multiple Entities. Where more than one entity is entitled to share in Distributable Royalties, the allocation of Distributable Royalties will be determined as follows:
  - a. By contract, negotiation, litigation or otherwise, the University and any party not affiliated with the University shall resolve any apportionment between the University and that other party. Only the University's part of this apportionment shall be considered Distributable Royalties.
  - b. In the absence of any agreement by the University to the contrary, each unique invention, related patent, patent application or other form of uniquely identifiable intellectual property associated with a particular license which generates Distributable Royalties will be presumed to have contributed equally to those Distributable Royalties.
  - c. The respective contributions to Distributable Royalties from different departments or campuses will be presumed to be the sum of the contributions for the inventors associated with each department or campus. If one inventor has appointments with more than one department or campus, each such department or campus will be deemed to participate equally in the departmental or campus contribution to Distributable Royalties associated with that inventor, unless the invention clearly resulted from work done in association with only one department or campus.
  - d. The unique circumstances of individual cases involving multiple entities may require an unequal distribution of Distributable Royalties. Deviation from the equal distribution provided for in subsections (b) or (c), above, may be made either: **(i)** by unanimous written consent of all affected entities, **or (ii)** if the affected entities are unable to reach unanimous agreement on a different distribution, then in proportions and under procedures established by the Chancellor, or, for LSU or

if more than one campus is involved, by the President, based upon the merits of the individual case. This determination shall be final and unappealable.

E. Distributions in Special Circumstances

1. A Research Grant shall be administered by the University in accordance with the terms of the contract establishing the Research Grant, and in accordance with any applicable laws, rules, and regulations. Authors and inventors shall not be entitled to any portion of a Research Grant, except in some cases for that portion of a salary that is customarily paid from such a source, and then only in accordance with the terms of the contract establishing the Research Grant.
2. Litigation Proceeds shall be administered and distributed as follows. That unit of the University which funds expenses related to litigation or other means of dispute resolution related to LSU Intellectual Property first shall be entitled to recover double its legal and other associated expenses, before any other distribution of Litigation Proceeds. After such recovery of double expenses, any excess Litigation Proceeds shall be treated as Distributable Royalties and allocated accordingly.
3. If the University directly sells research materials (not including agricultural products) to third parties, in greater than nominal quantities and for more than a nominal charge; *and* if those research materials incorporate an LSU Invention (patented or unpatented) that is not in the public domain at the time (for example cell lines or laboratory animals that are not otherwise publicly available), *and* if the University therefore has no agreement with a third party as to royalties attributable to the LSU Invention; then in such a case the University and the inventors shall agree in writing as to a reasonable royalty rate to be imputed to net sales of the research materials. The agreed-upon royalty rate and any proceeds arising therefrom will be treated thereafter as Distributable Royalties for all purposes.
4. Activity conducted by the University for educational, research, or non-commercial purposes shall not give rise to any "Distributable Royalties."

**Section 5. General Requirements for Licenses and Other Agreements**

- A. As a matter of policy, the University will not license or otherwise encumber rights in future LSU Intellectual Property whose conception is not complete as of the date the license or other encumbrance is executed; except for the strictly limited rights that may be granted to a sponsor of funded research respecting inventions resulting from the funded research, as provided in greater detail in Section 7-3(c)(2).
- B. As a matter of policy, the University shall require that each licensee of rights in LSU Intellectual Property may not *assign* or *transfer* the licensed rights without the University's express prior written approval, which the University may agree, in its sole discretion, not to unreasonably withhold. Further, the University shall require that a licensee may *sublicense* the licensed rights in LSU Intellectual Property only if (i) the sublicense agreement includes express provisions requiring the sublicensee to abide by the terms of the license between the University and the licensee, (ii) the sublicense agreement specifies that no sublicensee shall issue any further sublicenses without the express written consent of the University, and (iii) the licensee agrees to provide the University

with copies of each sublicense, and all subsequent amendments thereto, within a reasonable time period from date of execution of such documents.

- C. As a matter of policy, the University shall require each licensee of LSU Intellectual Property, and ordinarily each sublicensee, to obtain reasonable levels of liability insurance or to have adequately capitalized self-insurance, in an amount to be included in the license or other agreement and to be determined in view of the reasonably perceived risks presented by the particular technology being licensed. This insurance coverage shall commence no later than the date when the first commercial sale under the license is made, or the date of the first clinical trials of a human drug or medical device, whichever is earlier, and shall continue in effect until the expiration of all applicable periods of prescription or statutes of limitation. The University shall be named as an additional insured in each such insurance policy. On a case-by-case basis, after reviewing all pertinent facts, the requirement of liability insurance may be waived where the University assigns all rights in LSU Intellectual Property to another party, with the University retaining no residual rights or residual share of royalties; except that in such a case the University may retain a nonexclusive right to practice the assigned intellectual property right for experimental, educational, or noncommercial purposes.
- D. As a matter of policy, the University shall require that each licensee and assignee, and ordinarily each sublicensee, of LSU Intellectual Property shall indemnify the University against claims and lawsuits arising as a result of activities related to the licensed or assigned intellectual property, whether the claim or lawsuit arises under tort law, products liability law, intellectual property law, or otherwise, the indemnity to include reasonable costs of litigation and attorneys' fees.
- E. As a matter of policy, the University does not ordinarily permit brokerage of LSU Intellectual Property. Rather, the University expects its licensees to be directly active in developing and commercializing licensed LSU Intellectual Property. Exceptions to this policy will be permitted only upon the written authorization of the Chancellor or, for LSU, the President or his designee upon a written finding that exceptional circumstances exist such that brokerage of a particular LSU Intellectual Property is in the University's best interests.
- F. In circumstances where the University assigns or waives certain intellectual property rights in favor of the authors or inventors, whether under Section 7-3(a)(4), Section 7-7.a, or otherwise, then, unless there is an authorized written agreement by the University that expressly provides otherwise, in each such case the assignment or waiver shall be without representation or warranty from the University of any kind, including no warranty or representation as to validity; scope; enforceability; inventorship; authorship; title; or absence of infringement of third party patents, copyrights, trademarks, or other third party rights. As examples: **(1)** In such a case it shall be an author's sole responsibility to obtain any necessary copyright clearances from third parties; and **(2)** In such a case it shall be an inventor's sole responsibility to obtain any necessary patent licenses from third parties. Furthermore, authors and inventors in such cases are cautioned that the waiver or assignment of such intellectual property rights by the University does not include the right to use any LSU Mark.
- G. Except as otherwise expressly provided herein, any substantial deviation from the general policy requirements set forth in this Section 7-5 must be approved by the President, upon a written recommendation from the Chancellor which documents that the deviation is in the best interests of the University and is adequate to protect the University's interests.

## **Section 6. Uniform Process for Managing Technology Transfer at the University**

Except as otherwise provided in the Bylaws, and notwithstanding any other provisions of these Regulations, all purchases, sales, transfers, assignments, or licenses (collectively, "Commercialization") of LSU Intellectual Property made by any campus or institution of the University shall be conducted in accordance with the following uniform process.

### **A. Presidential Approval of License Agreements**

License agreements shall require approval and execution by the President, which authority may be further delegated at the discretion of the President, pursuant to Article VII, Section 8.B.2 of the Bylaws, as is deemed to be in the best interests of the University.

### **B. Standard Forms, Reporting, and Procedures**

1. Standard templates for the commercialization of LSU Intellectual Property have been developed and may continue to be developed and refined through use. Each campus or institution shall use these templates in all transactions related to the commercialization of LSU Intellectual Property and shall justify deviations from the template as necessary.
2. Actions related to the Commercialization of LSU Intellectual Property shall be reported to the President and the Board, in a format, on a timeframe, and with information prescribed by the President after consultation with the Board. Such reporting requirements may be fulfilled by any such entity as is designated to manage that activity.
3. All license agreements submitted by a campus for approval and execution by the President or his designee shall be accompanied by a certification from appropriate campus officials and a checklist which provides:
  - a. a description of any potential conflicts of interest and a certification that all applicable disclosure forms required by any University policy have been executed, or a certification that no such potential conflicts are known to exist; and
  - b. a description of the due diligence performed to evaluate the commercial potential of the LSU Intellectual Property which is the subject of the proposed agreement; and
  - c. a description of the due diligence activities performed to evaluate the proposed licensee; and
  - d. a description of any significant deviations from the standard template agreements and justification for such changes.

## **Section 7. LSU Works, LSU Software, LSU Databases, LSU Digital Media, and Course Materials**

The various provisions of Sections 7-3 through 7-6 shall apply to LSU Works, LSU Software, LSU Databases, and LSU Digital Media. In addition, the provisions of this Section 7-7 shall also apply to LSU Works, LSU Software, LSU Databases, and LSU Digital Media, but not to other forms of LSU Intellectual Property. This Section 7-7 shall also apply to Course Materials.

- A. Notwithstanding the provisions of Section 7-3(a) above, the University releases to the respective author(s) all of the University's interest in any copyright to a book, article, lecture, thesis, dissertation, other literary work, work of art, Course Material, or musical composition that would otherwise be an LSU Work; except that the University's interest shall not be so released: **(i)** if the

University publishes the work itself; **or (ii)** if the University publishes or produces a derivative work based on that work, where the derivative work is an audio, video, or digital production or broadcast, including by way of example video recordings of lectures, other recordings of lectures, distance learning activities, or other course-related activities; **or (iii)** if the University is required to deliver the work to a third party under a research contract or other contract between the University and the third party. This release of certain rights to the author(s) does not apply to LSU Software or to LSU Databases. The University reserves a nonexclusive, paid-up, royalty-free right to distribute copies of Course Materials, theses and dissertations, both internally and to third parties, whether by electronic means, microfilm, or otherwise.

The release of rights to Course Materials only applies to the extent that an author or co-author himself or herself uses those materials in the *bona fide* teaching or instruction of a regularly scheduled course for credit at the University, and does not extend to rights that are derived from a co-author who is not involved in the teaching or instruction of a regularly scheduled course for credit at the University. The release of rights to Course Materials may include copyrights in items that would otherwise constitute LSU Works, LSU Software, or LSU Digital Media; such a release does not, however, include rights in any patent, patent application, LSU Database, LSU Mark, or LSU Invention.

- B. Prior to submitting any LSU Digital Media to an entity outside the University, the author(s) shall first submit a disclosure of the LSU Digital Media to an office or committee on the author(s)' campus to be appointed by the Chancellor or the Chancellor's designee or, for LSU, the President or his designee. The disclosure shall include a detailed description of the proposed LSU Digital Media, a copy of the LSU Digital Media, or both, and shall also include a statement specifying what resources (Personnel, funds, equipment) were used to prepare the LSU Digital Media. The designated office or committee shall then determine, on a case-by-case basis, whether the LSU Digital Media shall be treated as an LSU Work or as LSU Software for purposes of these *Bylaws*, including whether or not an express, written release of copyright to the author(s) is appropriate by analogy to Section 7-7(a). In deciding this question, the office or committee shall consider such factors as whether the LSU Digital Media more closely resembles an electronic version of a traditional printed book, versus a work substantially enhanced with multimedia; the extent to which University resources and Personnel were used; the extent to which the resources and Personnel of an outside party such as a publisher were used; and any other factors that the committee or office considers relevant in reaching an equitable decision.
- C. If the University publishes an LSU Work or LSU Database itself, or if the University directly provides others access to an LSU Work or LSU Database in exchange for consideration received directly by the University, and if the University therefore has no agreement with a third party concerning royalties attributable to the LSU Work or LSU Database, then twelve-and-one-half percent (12.5%) of the net sales attributable to the LSU Work or LSU Database shall be treated as Distributable Royalties for all purposes. For example, the respective author or authors (as a group) shall be entitled to receive a total of  $40\% \times 12.5\% = 5.0\%$  (five percent) of such net sales as the authors' portion of Distributable Royalties.
- D. If an LSU Work, LSU Database, LSU Digital Media, or Course Material is used by the University as part of course instruction, including without limitation Course Materials posted on the Internet and Course Materials used in distance learning, then the author(s) of the LSU Work, LSU Database, LSU Digital Media, or Course Material shall not be entitled to receive any portion of any tuition, fees, or other amounts received by the University on account of that course, regardless of whether

an author is substantively involved in the teaching of that course. The University shall be free to use the LSU Work, LSU Database, LSU Digital Media, or Course Material as part of the course instruction in the University's discretion. By contrast, if the University should receive any royalties on account of an LSU Work, LSU Database, or LSU Digital Media -- for example, royalties for videotapes, audiotapes, or digital media licensed to a third party for distribution independently of the University course -- then those royalties will be treated as Distributable Royalties for purposes of Section 7-4 above.

#### **Section 8. Confidential Materials**

University and campus officials are authorized to protect the confidentiality of materials that are exempt from the Louisiana Public Records Law, pursuant to La. R.S. 44:4(16) or otherwise, to the full extent permitted by law. The President, the Chancellor, the technology transfer officer for each campus, and any other individual designated by the President or by the Chancellor, may certify in writing that particular materials that have been requested under the Public Records Law are subject to a particular statutory exemption under the Public Records Law.

#### **Section 9. Miscellaneous**

- A. Nothing herein shall be construed to alter, amend, or in any way affect either PM-11 or PM-67, or the policies and procedures set forth therein, which are required by La. R.S. 42:1123(9) and (10).
- B. In the event of any conflict between the provisions of this Section 7 and any other provisions of the *Regulations* of the Board of Supervisors or any Permanent Memorandum, the provisions of this Section 7 shall control.
- C. Nothing herein creates any rights, procedural or substantive, in any third parties.

## ARTICLE VIII. AFFILIATED ORGANIZATIONS

### **Section 1. Relationship to the University**

Private support organizations can enhance the programs, facilities, and research and educational opportunities offered by institutions of higher education. The Board promotes the activities of alumni associations, foundations, and other private, nonprofit organizations that raise private funds for the support of the various campuses in the University. A nonprofit corporation, whose principal purpose is to support one or more programs, facilities, or research or educational opportunities offered by public institutions of higher education, shall be a private entity provided that it meets the criteria enumerated in all applicable state and/or federal statutes.

### **Section 2. Alumni Organizations**

All affiliated organizations, such as alumni associations, foundations, and other nonprofit groups, whose principal interest is to provide public support to enhance the programs, facilities, and research and educational opportunities offered by University campuses must be officially recognized by the Board. This official recognition requires compliance with University and Louisiana Board of Regents policies and all applicable state/federal statutes. All affiliated organizations seeking official recognition by the Board shall make application through the Office of the President. Such application shall include the necessary documentation to establish full compliance with all applicable policies and laws.

### **Section 3. Transactions Related to Employees**

Pursuant to La. R.S. 17:3390F and while it remains in effect, the Board of Supervisors delegates to the Chair and the President the authority to approve transactions under the provisions of the referenced statute. The Chair may delegate the authority to other persons for the approval of transactions for the duration of their term. The transactions related to the President and other authorized persons must be approved by the Chair of the Board. Delegations of authority may be revoked by the Board Chair, and in that event, the Board Chair is delegated the authority to approve transactions unless the Board resolves otherwise. It shall not be construed that any employee may approve their own reimbursements. An informational report on the approved transactions shall be submitted to the Board quarterly.

## ARTICLE IX. AUDIT

In accordance with the Bylaws, there is a chief internal auditor employed as a University officer. Under the supervision and control of the Board's Audit Committee, the following shall be referred to as the Audit Charter:

### **Section 1. General**

The Louisiana State University Internal Audit function is an independent and objective assurance and consulting activity that is guided by a philosophy of adding value to improve the operations of LSU including all component institutions. It assists the University in accomplishing its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of the organization's governance, risk management, and internal control.

### **Section 2. Role**

Management of each of the University's component institutions has the responsibility to ensure that assets are properly safeguarded, internal controls are established and are sufficient to ensure compliance with applicable laws and regulations, and procedures are sufficient to detect errors and fraud in a timely manner. Campus heads are also responsible for providing input into the annual risk assessment and audit plan and for establishing and enforcing a policy to ensure the effective and timely resolution of all audit findings.

Internal Audit furnishes impartial, independent analyses, appraisals, recommendations, and pertinent comments on the business activities of the institution. Its responsibilities are defined by the Board as part of their oversight role.

### **Section 3. Organization**

Internal auditing is centrally managed by the Chief Auditor who serves as the University's "Chief Audit Executive" as defined by the International Standards for the Professional Practice of Internal Auditing. The Chief Auditor reports functionally to the Board of Supervisors (Board) through the Audit Committee and administratively (i.e. day-to-day operations) to the President. Reporting of matters shall be simultaneously made to the President, Chair of the Audit Committee, and Chair of the Board, unless it involves potential misconduct by one of the three.

The Board approves the internal audit charter as well as all decisions regarding the appointment and removal of the Chief Auditor.

The Audit Committee will:

- Approve the risk-based internal audit plan
- Approve the internal audit budget and resource plan
- Receive communications from the Chief Auditor on the Internal Audit's performance relative to its plan and other matters
- Annually evaluate, with input from the President, the performance of the Chief Auditor.
- With input from the President, review and recommend to the Board remuneration of the Chief Auditor, subject to applicable Board regulations.

- Make appropriate inquiries of management and the Chief Auditor to determine whether there is inappropriate scope or resource limitations.

The Chief Auditor will communicate and interact directly with the President and with the Audit Committee. The Chair of the Audit Committee may conduct meetings, including meetings in executive session and between Board meetings as appropriate, with the President unless the Audit Chair deems that the President's participation would not be appropriate. On one occasion annually, the Chief Auditor may request a meeting with the Audit Committee only.

#### **Section 4. Professionalism**

Professionalism and commitment to excellence are facilitated by operating within a framework of professional practice. Internal Audit shall adhere by adherence to The Institute of Internal Auditors' mandatory guidance including the Definition of Internal Auditing, the Code of Ethics, and the International Standards for the Professional Practice of Internal Auditing (Standards). This mandatory guidance constitutes principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of Internal Audit's performance.

#### **Section 5. Authority**

Internal Audit, with strict accountability for confidentiality and safeguarding records and information, is authorized full, free, and unrestricted access to any and all records, physical properties, and personnel pertinent to carrying out any engagement in the LSU universe, including those not specifically enumerated in the charter and authorized by the Board. All employees are requested to assist Internal Audit in fulfilling its roles and responsibilities. Internal Audit will also have free and unrestricted access to the Audit Committee.

#### **Section 6. Independence and Objectivity**

Internal Audit will remain free from interference by any element in the organization, including matters of audit selection, scope, procedures, frequency, timing, or report content to permit maintenance of a necessary independent and objective mental attitude.

Internal auditors will have no direct operational responsibility or authority over any of the activities audited. Accordingly, they will not implement internal controls, develop procedures, install systems, prepare records, or engage in any other activity that may impair internal auditor's judgment.

Internal auditors will exhibit the highest level of professional objectivity in gathering, evaluating, and communicating information about the activity or process being examined. Internal auditors will make a balanced assessment of all the relevant circumstances and not be unduly influenced by their own interests or by others in forming judgments.

The Chief Auditor will confirm to the Audit Committee, at least annually, the organizational independence of the internal audit activity.

## **Section 7. Responsibility**

The scope of internal auditing encompasses, but is not limited to, the examination and evaluation of the adequacy and effectiveness of the organization's governance, risk management, and internal controls as well as the quality of performance in carrying out assigned responsibilities to achieve the University's stated goals and objectives. This includes:

- a. Evaluating risk exposure relating to achievement of the University's strategic objectives.
- b. Evaluating the reliability and integrity of information and the means used to identify, measure, classify, and report such information.
- c. Evaluating the systems established to ensure compliance with those policies, plans, procedures, laws, and regulations which could have a significant impact on the organization.
- d. Evaluating the means of safeguarding assets and, as appropriate, verifying the existence of such assets.
- e. Evaluating the effectiveness and efficiency with which resources are employed.
- f. Evaluating operations or programs to ascertain whether results are consistent with established objectives and goals and whether the operations or programs are being carried out as planned.
- g. Monitoring and evaluating governance processes.
- h. Monitoring and evaluating the effectiveness of risk management processes.
- i. Performing consulting and advisory services related to governance, risk management, and control as appropriate for the University.
- j. Reporting periodically on Internal Audit's purpose, authority, responsibility, and performance relative to its plan.
- k. Reporting significant risk exposures and control issues, including fraud risks, governance issues, and other matters needed or requested by the Audit Committee.
- l. Evaluating specific operations at the request of the Audit Committee or management, as appropriate.
- m. Investigate allegations of fraud at all institutions.
- n. Giving due consideration to the scope of work of the external auditors and other regulatory agencies, as appropriate, for the purpose of providing optimal audit coverage to the University at a reasonable overall cost.

## **Section 8. Internal Audit Plan**

At least annually, the Chief Auditor will submit to senior management, for review, and the Audit Committee, for approval, an internal audit plan. The internal audit plan will consist of a work schedule as well as budget and resource requirements for the next fiscal year. The Chief Auditor will communicate the impact of resource limitations and significant interim changes to the President and the Audit Committee.

The internal audit plan will be developed based on a prioritization of the audit universe using a risk-based methodology, including input of senior management and the Audit Committee. The Chief Auditor will review and adjust the plan as necessary in response to changes in the University's business, risks, operations, programs, systems, and controls. Any significant deviation from the approved internal audit plan will be communicated to the President and the Audit Committee through periodic activity reports.

## **Section 9. Reporting and Monitoring**

Internal Audit ensures that the results of audits and other services are properly communicated to the appropriate management or operating personnel in the form of written reports, consultation, advice, or any other means. The Chief Auditor will authorize the issuance of all internal audit reports. Written reports include, or will be followed by, management comments itemizing specific actions taken or planned to resolve the reported finding and to ensure that operational objectives are achieved. Management's response should include a timetable for anticipated completion of action to be taken and an explanation for any recommended corrective action that will not be implemented. Internal Audit will be responsible for appropriate follow-up on engagement findings and recommendations. All significant findings will remain in an open issues file until cleared.

The Chief Auditor shall report not less than quarterly to the Audit Committee and President and annually in writing to the entire Board on internal and external audit activities. Upon presentation to the President and acceptance by the Audit Committee, copies of the quarterly report will be provided to the Board.

## **Section 10. Quality Assurance and Improvement Program**

Internal Audit will maintain a quality assurance and improvement program that covers all aspects of the internal audit activity. The program will include an evaluation of Internal Audit's conformance with the Definition of Internal Auditing and the Standards and an evaluation of whether internal auditors apply the Code of Ethics. The program also assesses the efficiency and effectiveness of the internal audit activity and identifies opportunities for improvement.

The Chief Auditor will communicate to the President and the Audit Committee on Internal Audit's quality assurance and improvement program, including results of ongoing internal assessments and external assessments conducted at least every five years.

## ARTICLE X. NAMING AND HONORIFICS

### Section 1. Authority

The Board retains the authority to honor individuals, groups, and organizations through an honorific naming. Any item not specifically governed in this Article shall be reserved for the discretion of the chancellor.

### Section 2. Naming of Units and Programs

Naming of colleges, departments, centers, institutes, major units, service centers, and other programs for a person, people, or organization shall be approved by the Board.

### Section 3. Naming of Facilities

The LSU Board of Supervisors is empowered to name facilities in honor of people, which is a practice common to higher education management boards throughout the United States. In accordance with La. R.S. 17:3351 Paragraph G, the Board may also name a facility in honor of a living person and may even condition that honorific on a donation.

**Intent.** It is the intent of the Board to create a general policy creating a process resulting in the consideration and naming of facilities and physical assets for people, living and deceased. Being that an asset may exist for nearly a century or the name may perpetuate for longer, it is also the intent of the Board to allow a deliberative process that allows for campuses to consider the merit of a nomination and purposeful thought given to such a long-term honorific.

#### A. Authority of the Board of Supervisors

1. The LSU Board of Supervisors reserves the right to review and approve the naming of University facilities and assets for living or deceased persons. A building or any portion of a building may be named after one or more living or deceased individuals to honor specific contributions made to the University, the campus, or the college in question.
2. Limitations
  - a. No facility or asset may be named for any current public official, elected official or candidate for elected office.
  - b. No facility or asset may be named for any current member of the LSU Board of Supervisors or any past member for a period of two years from service on the Board.
3. The Board may receive petitions for namings. Except in extenuating circumstances, the Board will request consultation from the campus chancellor under whose management the facility and/or asset is assigned. Petitions shall be sent to the Secretary of the Board for appropriate handling.

#### B. Campus Approval Process

1. Each campus shall establish a policy for naming of University facilities. Pursuant to that policy, the recommendation to name a facility after one or more individuals shall be forwarded to the Board with the concurrence and approval of the Chancellor, if applicable, and the President.

2. Where practicable, any facility named after one or more individuals shall be appropriately marked with a functional designation for easy recognition by the public.
3. Any campus naming policy or naming agreement shall include provisions for removal of the name in the event of moral, ethical, or legal improprieties. Removal of a name shall be done by Board resolution.
4. The providing of functional names in the absence of individual names continues to be left to the discretion of University administration.

C. Authority of the President

The President is authorized to establish policies and guidelines necessary for the promulgation of this policy.

## ARTICLE XI. REPEAL AND AMENDMENT TO REGULATIONS

### Section 1. Repealing Clause

All rules, orders, regulations, and resolutions heretofore enacted or adopted by the Board which are in conflict with these **Regulations** are hereby repealed.

### Section 2. Amendment

These **Regulations**, except as they include provisions specifically covered by the Statutes of the State of Louisiana and the **Bylaws** of this Board, may be amended by receiving an affirmative vote of a majority of the Supervisors after receiving recommendations of the appropriate committee of the Board.
